

1G PoE Switch Original Product

AI Overview

Original 1G PoE switches are high-performance Gigabit Ethernet switches that provide both data connectivity and Power over Ethernet (PoE) to network devices, suitable for enterprise, campus, and small-to-medium networks. Key Features of 1G PoE Switches

Port Configuration and Speed: Most 1G PoE switches offer multiple RJ45 ports supporting 10/100/1000 Mbps auto-negotiation, allowing seamless integration with existing network devices. Some models, like the UfiSpace S6301-56STP, provide 48 x 1G RJ45 ports along with 8 x 10G SFP+ uplink ports for high-capacity connectivity. Edgecore's AS4600 series offers 30-54 ports with PoE support up to 90W. Longshine's 8-port switch supports full Gigabit auto-negotiation for each port.

Power over Ethernet (PoE): These switches support IEEE 802.3af/at standards, delivering up to 30W per port in enterprise-grade models, enabling devices like IP cameras, VoIP phones, and wireless access points to receive power directly through network cables. Some models, such as Edgecore PoE switches, can provide higher PoE budgets for multiple devices simultaneously.

Management and Performance: Many 1G PoE switches are fully managed, offering Layer 2/3 capabilities, VLAN support, QoS, and network monitoring. UfiSpace switches use Broadcom Trident3-X2 silicon and Intel Denverton processors to ensure high switching capacity and low latency. Netgear's AV-focused 1G PoE switches come pre-configured for AV over IP, simplifying deployment and supporting multicasting with minimal setup.

Reliability and Safety: Enterprise-grade switches often include redundant, hot-swappable components, overcurrent protection, and circuit shorting protection to ensure network stability and device safety. Fanless or quiet-mode designs are available for noise-sensitive environments.

Ease of Deployment: Many 1G PoE switches are plug-and-play, with auto-sensing ports and diagnostic LEDs for easy monitoring. Some vendors, like FS.com, provide professional support, fast delivery, and warranties to...

Cisco Switch Selector

Quickly identify the right Cisco switch for your needs, whether you're looking for a new switch or upgrading an old one for an enterprise LAN, a data center, outdoors, or industrial operations. Just

MikroTik · CRS354-48P-4S+2Q+RM

If you are looking for a single switch that will put your network setup ahead of the curve and power all the necessary devices – look no further! The new CRS354

8 Port 1G PoE managed Switch – Longshine Technologie

The device is a powerful, high-performance Gigabit Ethernet Switch, with all 8 ports capable of 10/100/1000Mbps auto-negotiation operation (NWay), which means the switch could automatically

DS-3E1510P-EI Smart Managed 8-Port Gigabit PoE Switch

Smart Managed 8-Port Gigabit PoE Switch Smart managed switches are developed by Hikvision, featuring in easy management and maintenance. You can easily deploy, monitor and expand your

DS-3E1105P-EI Smart Managed 4-Port 100 Mbps PoE Switch

Smart Managed 4-Port 100 Mbps PoE Switch Smart managed switches are developed by Hikvision, featuring in easy management and maintenance. You can easily deploy, monitor and expand your

Managed Switch HPE Aruba Networking Aruba Instant On 1830 8G

Discover the HPE Aruba Networking Aruba Instant On 1830 8G 4p Managed Switch with PoE capabilities for efficient networking. Delivery available in Riga, Latvia, and EU.

Network Switches

Cisco network switches deliver performance, flexibility, and security. Cisco switches are scalable and cost-efficient and meet the demands of hybrid work.

Original Switch C9200 Series C9200L-48P-4X-E C9200L 48-Port

Products Status:Stock Ports:≥ 48 Transmission Rate:10/100/1000Mbps
Function:LACP, POE, QoS, SNMP, Stackable, VLAN Support Communication Mode:Full-Duplex & Half-Duplex Certification:UL,

PoE Switch (2026) zum Bestpreis | idealo

PoE Switch Preise vergleichen und günstig kaufen bei idealo 1.842 Produkte Große Auswahl an Marken Bewertungen & Testberichte

Amazon : Gigabit Poe Switch

16 Port Full Gigabit PoE Switch with 2 *Gigabit SFP Ports & RJ45 Ports, Unmanaged Plug and Play, High Power Total Budget 300W, 802.3af/at Compliant, Fanless & Silence, Metal Housing, Rack Mount

PoE Switches

We provide a wide range of PoE/PoE+/PoE++ switches with up to 90 W output per port to deliver high-speed data transmission while powering high-power devices over long distances. With an industrial

Vi30104U | Vigitron | 4-Port Layer 2, 1G PoE Switch

The Vigitron MaxiNet™ Vi30104U is a high-performance, fixed layer 2, 4-port PoE switch designed for reliable high-speed Ethernet transmission. It delivers up to

Network Switches For Home & Business | NETGEAR

NETGEAR switches and switching solutions are perfect for any application from small to medium or enterprise organizations. Shop Now!

Managed Switch HPE Aruba Networking Aruba Instant On 1830 8G

Product information Description The HPE Aruba Networking Aruba Instant On 1830 8G 4p PoE 65W L2 is a managed Layer 2 switch designed for small and medium-sized wired networks. It provides eight

MikroTik · CRS328-24P-4S+RM

Product code CRS328-24P-4S+RM Suggested price \$489.00 Architecture ARM 32bit CPU 98DX3236 CPU core count 1 CPU nominal frequency 800 MHz

S6301-56STP

The UfiSpace S6301-56STP is a high-performance L2/L3 PoE switch designed to meet the growing demands of enterprise and campus access connectivity, with full Power over Ethernet (PoE) support.

MikroTik CRS305-1G-4S+in Network Switch Managed

Product Summary: MikroTik CRS305-1G-4S+in Network Switch Managed Gigabit Ethernet (10/100/1000) Ethernet Power (PoE) White The CRS305 is a compact

Switches bis 1G PoE

Diese Kategorie bietet Switches unterschiedlicher Ausführungen mit einer maximalen Datenrate von 1G, zusätzlich mit der Möglichkeit, externe Geräte via PoE mit

NETGEAR 8 Port PoE Gigabit Ethernet Easy Smart Managed

Product Description Introducing the NETGEAR GS308EP PoE+ Gigabit Ethernet Smart Managed Plus Switch with 8 ports PoE+ and a total PoE budget of 62W to power PoE applications such as VoIP phones, IP cameras for surveillance, wireless access points and more.

Cisco C9300-48P-E 48-Port 1G PoE+ Switch Price

How does the Cisco Catalyst 9300 48-port PoE+ switch compare to similar products? Compared to similar switches, the Cisco Catalyst 9300-48P-E offers superior programmability, advanced security

NETGEAR 24-Port Gigabit Ethernet Smart Managed Pro PoE Network Switch ...

Product Description The NETGEAR GS724TP Smart Managed Pro PoE Switch is designed for desktop or rackmount and features 24-Ports of Gigabit Ethernet, 24 x PoE+ ports with a 190 watt budget, 2 x

Cisco Catalyst 2960-S and 2960 Series Switches with

Read this data sheet to learn the benefits, specifications, and ordering information for the Cisco Catalyst 2960 C Series Switches with LAN Lite Software.

1Gb PoE Switch | PoE powered Gigabit Switch

Versitron offers Gigabit PoE switches with 4 to 52 ports and a lifetime warranty. Purchase 1Gb PoE switches made in the USA, suitable for all your needs.
