

200G Enterprise-Grade Optical Router

AI Overview

Fortinet FortiGate 200G and Cisco enterprise routers are available for high-performance 200G networking, with full AI-driven security, SD-WAN, and optical connectivity options.

Fortinet FortiGate 200G Series The FortiGate 200G series is a next-generation firewall (NGFW) router designed for enterprise networks, combining AI-powered security and machine learning to deliver threat protection at high throughput. Key features include:

- Ports and Connectivity:** 10 x GE RJ45 (including management and HA ports), 4 x GE SFP slots, 8 x 5GE RJ45, 8 x 10GE SFP+ slots.
- Performance:** NP7Lite and CP10 hardware acceleration for ultra-fast threat protection and SSL inspection without impacting network performance.
- Security:** Integrated Fortinet Security Fabric, web/content/device security, network segmentation, and Universal Zero-Trust Network Access (ZTNA).
- Deployment:** Suitable for hybrid IT networks with secure SD-WAN capabilities. These routers are available for purchase through vendors like AVFirewalls.com and Amazon, often bundled with FortiCare support for extended warranty and service.

Cisco Enterprise Routers Cisco offers AI- and automation-enabled enterprise routers capable of 200G throughput, optimized for small to medium businesses and large-scale deployments. Features include:

- Routing and Security:** Built-in IOS security, zone-based firewall, NAT, Encrypted Traffic Analytics, and Cisco Umbrella.
- Connectivity:** Supports LTE Advanced, Ethernet, G.fast, and 802.11ac Wi-Fi, with SD-WAN integration.
- Deployment Flexibility:** Can be deployed in cloud, data center, colocation, or branch environments.
- Management:** Cloud-based network management and AI-assisted configuration for simplified operations. Cisco's router selector tool helps identify models that meet specific enterprise requirements, including 200G optical throughput.

200G Optical Transceivers For optical connectivity, 200GBASE-FR4 QSFP56 transceivers are compatible with both Fortinet and Cisco routers. Specifica...
