

AT1 Distribution Box

Overview

Function: Functions as an automatic transfer switch + AC coupling panel, managing power from the grid, generator, rooftop solar inverter system, and Apex 300 units via Hub A1. ● Delivers up to 11,520W output and 16. 6kWh capacity for full-home power. If grid feed-in is enabled, any excess power charges the ESS battery, and the rest goes to the grid for. TurboBoost™ is a fast-charging technology that enables 0–80% charging in just 45 minutes, even for large power stations, with a full charge completed in only 90 minutes. Featuring Power Lifting mode and Split-phase Bonding. We are excited to share the user manuals for the Apex 300, Hub D1, Hub A1, and SolarX 4K. Feel free to check them out and download for setup, specifications, and other useful information. Apex 300 - EU/UK spec Google Drive file. Modular and upgrade-ready—experience PRO-level power, your way. 299,00 €Ursprünglicher Preis war: 1. Es gibt noch keine Rezensionen.
