

Albanian Cable Tray Price List

AI Overview

Cable tray prices in Albania vary by material, type, and specifications, with options including steel, FRP, and galvanized ladder trays, typically sold in bulk or per unit.

Types and Materials

Steel Cable Trays: Hot-dip galvanized ladder-type trays are common, with standard lengths of 2.4 meters. Prices are usually calculated per tray or per fitting unit, depending on the configuration and accessories required.

FRP/GRP Cable Trays: Fiberglass reinforced plastic trays offer lightweight, corrosion-resistant, and fire-retardant properties. They are suitable for outdoor or corrosive environments and are available in ladder, perforated, and ladder-perforated hybrid types.

Custom Sizes and Shapes: Many Albanian manufacturers, such as Jeetmull Jaichandlall, provide cable trays in various sizes, shapes, and colors, tailored to industrial, construction, or infrastructure projects.

Pricing Considerations

Bulk Orders: Suppliers often provide competitive pricing for bulk purchases, especially for FRP or steel trays used in large-scale construction or industrial projects.

Accessories and Fittings: Cable tray bends, brackets, corbels, and other accessories are priced per unit and can affect the total quotation.

Quality Standards: Many suppliers adhere to UL94-V0 rated materials and industry standards to ensure durability, fire resistance, and load-bearing capacity.

How to Obtain a Quote

Direct Supplier Contact: Websites like go4WorldBusiness and TradeKey list verified Albanian suppliers where you can request customized price quotes based on your project requirements.

AITAF Solutions: For structured cabling and integrated telecommunication projects, AITAF provides end-to-end solutions and can supply cable trays along with installation support for European enterprises.

Summary

For a precise Albanian cable tray price quote, you should specify:

- Material type (steel, FRP, galvanized)
- Tray dimensions and length
- Quantity and bulk requirements
- Required accessories (bends, brackets, supports)
- Delivery location and timeline
