

Cable tray prices in garment workshops

AI Overview

Cable tray prices in India typically range from ₹125 to ₹330 per meter, depending on material, size, and type, with additional costs for couplers and installation.

Price Overview

- Standard Electrical Raceway Cable Trays:** Around ₹125 per meter for basic trays suitable for light wiring in garment workshops.
- GI 300 mm Perforated Cable Trays:** Approximately ₹330 per meter in cities like Bengaluru.
- Coupler Plates with Hardware:** For 25/50 mm trays, ₹16 per piece; for 75/100 mm trays, ₹30 per piece.

Material and Type Considerations

- Galvanized Steel:** Most common, durable, and cost-effective for industrial use.
- Stainless Steel:** Higher corrosion resistance, suitable for humid or chemical-prone environments, but more expensive.
- Aluminum:** Lightweight and rust-proof, moderately priced.
- Plastic/Polymer Trays:** Budget-friendly, ideal for light wiring, but not suitable for heavy loads.

Tray Designs: Ladder trays are stronger but cost more; perforated trays are cheaper and sufficient for garment workshop wiring.

Additional Cost Factors

- Coatings:** Hot-dip galvanization or powder coating increases durability and price.
- Labour and Installation:** Skilled installation, cutting, and mounting can add to overall costs.
- Shipping:** Heavier trays incur higher transport costs, especially for bulk orders.
- Minimum Order Quantities:** Some suppliers require minimum lengths (e.g., 50 meters) for delivery.

Practical Tips for Garment Workshops

- For light to medium electrical loads, perforated galvanized steel trays are cost-effective and easy to install.
- Consider bulk orders to reduce per-meter costs.
- Include coupler plates and hardware in the budget, as they are essential for connecting tray sections.
- Factor in future expansion, as open trays allow easier addition of cables compared to closed ducts.

By selecting the right material and type, garment workshops can balance cost, durability, and ease of installation, with typical prices ranging from ₹125 to ₹330 per meter, plus hardware and installation costs.
