

Comoro Mesh Cable Tray Price

AI Overview

Comoro Mesh Cable Trays typically range from \$0.80 to over \$76 per unit depending on material, size, and purchase volume. Price Overview The cost of Comoro Mesh Cable Trays varies significantly based on material, dimensions, and supplier type. For industrial and commercial applications, B2B bulk purchases often range from \$0.80 to over \$76 per tray, with higher prices for stainless steel (SS304), hot-dip galvanized, or custom-sized trays. For smaller-scale or consumer purchases, prices on platforms like Amazon or similar B2C channels can range from \$15 to \$34 per unit, with wholesale options as low as \$0.92. Material and Type Considerations Wire Mesh Trays: Lightweight, flexible, and provide excellent ventilation; ideal for heat-sensitive environments. Ladder Trays: Robust, suitable for heavy-duty cable bundles; often pre-galvanized or aluminum. Solid-Bottom Trays: Offer full protection for sensitive cables from dust and debris. Trough Trays: Combine features of ladder and solid-bottom trays for moderate protection and ventilation. Factors Affecting Price Material: Stainless steel and hot-dip galvanized trays are more expensive than standard steel or aluminum. Size and Customization: Larger trays or custom dimensions increase cost. Volume: Bulk orders reduce per-unit cost, especially in B2B transactions. Supplier Location: Prices may vary depending on shipping and import duties for Comoro or international suppliers. Purchasing Options B2B Suppliers: Platforms like Alibaba or go4WorldBusiness connect buyers with manufacturers offering bulk pricing and custom specifications. B2C Retailers: Online stores provide ready-to-use trays for smaller projects, often with faster delivery but higher per-unit cost. For accurate pricing, it is recommended to request quotes from multiple suppliers, specifying material, size, and quantity to get the best deal for Comoro Mesh Cable Trays.
