

Cost of cable tray connecting pieces

AI Overview

Cable tray connection pieces typically range from \$0.58 per piece for small couplers to over \$250 for specialized bulk kits. Typical Price Ranges

Single couplers and splice plates: Basic zinc or aluminum couplers for wire mesh or ladder trays can cost \$0.58 to \$8 per piece, depending on size and material (e.g., electro-zinc, stainless steel)

Bulk packs: Kits containing 25–50 couplers or splice plates are priced between \$28 and \$253 per pack, offering cost efficiency for larger installations

Specialized or heavy-duty connectors: Larger or reinforced couplers, expansion splice plates, and adjustable butt splices can range from \$20 to \$150 per unit, depending on material and load capacity

High-end or custom fittings: Custom-designed or powder-coated metal couplers for data centers or industrial applications may cost \$100–\$250 per kit

Factors Affecting Price

Material: Galvanized steel, stainless steel, aluminum, or fiberglass-reinforced plastic (FRP) influence durability and cost. Stainless steel and FRP are generally more expensive.

Size and Compatibility: Larger trays or specialized diameters require larger or reinforced couplers, increasing price.

Pack Quantity: Buying in bulk (25–50 pieces) reduces the per-piece cost.

Supplier and Brand: Prices vary across distributors like Amazon, Zoro, McMaster-Carr, Eaton, and JLH Electric

Examples of Products and Prices

NAYDMHN 50 Pack Wire Mesh Coupler Kit: \$28.79 per pack of 50, approx. \$0.58 per coupler

Eaton Universal Coupler Kit, 50 Pack: \$253 per kit, includes mounting nuts and bolts for quick installation

Zoro Quest Manufacturing Zinc Cable Tray Coupler: \$1.45 per piece, sold in multiples of 6 for \$8.70

WireAndCableYourWay Aluminum Tray Connector: \$20–\$132 depending on size (1/2"–1 1/2")

Summary

For most standard installations, individual couplers cost under \$10, while bulk kits or specialized connectors can range from \$30 to \$250. Prices vary based on material, size, and supplier, so it is recommended to compare options from multiple distributors to find the best fit for your project.
