

Distribution Box IH3

AI Overview

The Red Dot IH3-1-LM is a single-gang, universal weatherproof metallic device box designed for rugged, outdoor, and industrial applications.

Key Specifications

- Type: Single Gang Universal Weatherproof Box
- Material: Aluminum, die-cast construction for durability and corrosion resistance
- Volume: 18.3 cubic inches
- Hub Size: 1/2 inch, with three hubs (top, bottom, and back) for conduit entry
- Color/Finish: Silver
- Mounting: Equipped with mounting lugs for secure installation
- Weatherproofing: Rain-tight when used with appropriate Red Dot covers; gaskets and covers maintain a weather-resistant conduit system

Features and Benefits

- Rugged Design:** Die-cast and precision-machined surfaces allow safer wire pulling and long-lasting performance
- Interchangeable Components:** Compatible with covers, gaskets, and fittings from other leading manufacturers
- Versatile Installation:** Suitable for industrial, commercial, and outdoor environments where protection from moisture and harsh elements is required
- Ease of Use:** Clean cover edges and mounting lugs simplify installation and ensure a secure, sealed enclosure

Applications

The IH3-1-LM is ideal for protecting electrical devices, switches, and outlets in environments exposed to weather, dust, or industrial conditions. It is commonly used in:

- Outdoor electrical installations
- Industrial machinery and control panels
- Conduit systems requiring weatherproof junctions

Pricing and Availability

The current price for the IH3-1-LM is approximately \$177.55, significantly lower than its original price of \$888.19, and it is available through multiple distributors. This distribution box is a reliable choice for ensuring durable, weather-resistant protection for electrical components in demanding environments.
