

Electrical Distribution Box Housing Manufacturer Procurement Information

AI Overview

Electrical distribution box housings are available from multiple manufacturers offering standard and custom solutions with various materials, IP ratings, and modular designs.

Key Manufacturers and Suppliers

- Wieland Electric:** Offers decentralized and pluggable distribution boxes for buildings and industrial plants, supporting energy, signal, and data distribution. Their products comply with IEC 61439 and IEC 61535 standards, suitable for smart building applications and harsh environments.
- IDE Electric:** Provides metal and polyester cabinets for industrial automation, with IP44–IP67 protection, customizable amperage (10–125 A) and voltage (24–500 V), and a wide range of accessories like busbar supports and distribution blocks.
- J&HW Group:** Specializes in custom power distribution boxes, offering rapid prototyping (15 days), in-house production of components, and tailored solutions to reduce costs and inventory waste.
- DirectIndustry Suppliers:** Offer enclosures made from ABS, polycarbonate, or metal, with IP65–IP67 ratings, hinged or screwless designs, and options for EMC shielding, fiber optic management, and DIN rail mounting.
- European B2B Manufacturers:** Companies like Boockmann Engineering GmbH, H&N Energien GmbH, and FUSS-EMV provide specialized industrial solutions, including secure power supply systems and EMC-compliant enclosures.

Materials and Features

- Plastic (ABS/Polycarbonate):** Lightweight, impact-resistant, suitable for indoor/outdoor use, often IP65–IP67 rated, and available with knockouts for cable entry.
- Metal (Steel/Aluminum):** Provides higher durability, EMC shielding, and fire resistance, suitable for industrial and high-voltage applications.
- Modularity:** Many enclosures support DIN rail mounting, detachable panels, and expandable configurations for flexible installation.
- Certifications:** Compliance with IEC standards...
