

Guatemalan Cast Aluminum Distribution Box Explosion-proof Manufacturer

AI Overview

For high-quality cast aluminum explosion-proof distribution boxes in Guatemala, manufacturers like Extol International, Altelecombox, and Supermec provide ATEX-certified, durable solutions suitable for hazardous areas. Key Manufacturers and Suppliers

- Extol International** Extol International supplies control panels and distribution boards for hazardous areas, including explosion-proof enclosures with ATEX certification and Ex d / Ex'de protection. Their products are suitable for Zone 1 (21) and Zone 2 (22) hazardous areas and are available in aluminum, stainless steel, and cast iron. They offer a range of sizes and IP ratings from IP42 (indoor) to IP66 (outdoor), making them versatile for industrial applications.
- Altelecombox** Altelecombox specializes in industrial explosion-proof aluminum enclosures with IK10 mechanical strength, chemical resistance, and vibration resistance. Their die-cast aluminum boxes are ideal for oil rigs, chemical plants, automotive assembly lines, and food processing facilities. They provide full CNC customization and OEM services for PLC and power control applications, ensuring tailored solutions for specific industrial needs.
- Supermec (GUB Series)** Supermec offers the GUB A series Ex d aluminum junction boxes, designed for chemical and petrochemical plants, offshore platforms, and refineries. These enclosures support power distribution, monitoring, and signaling in hazardous atmospheres. They feature internal and external anti-rotation washers for easier earth connections and can be customized with additional electrical or electronic equipment as per client specifications.
- R. STAHLSTAHL** provides terminal and junction boxes certified for global installation in hazardous areas. They offer both standard and custom-made solutions with short delivery times, ensuring protection in gas and combustible dust environments. Their products are s...
