

Handheld light source with 1m blind zone for customs declaration

Overview

The explosion-proof portable lamp EX-4780 for safe use in the potentially explosive gas, vapor, and mist environment of zone 1 and zone 2, and the dust environment of zone 21 and zone 22. Portable electrical lamps designed to function by their own source of energy Can be used for an export declaration. With different voltage variants - 230V, 110V, 42V, 24V and 12V - our products are versatile and meet your individual requirements. Thanks to. The KI 2400 Series Zero Warm-up Light Source uses an advanced optical stabilization method which avoids the usual laser package-warm up and thermal power drift limitations, to offer ultra high stability, insensitivity to variations in ambient temperature or ORL, and zero warm up time. Typical. Tier-1 certification kit with power meter and light source, compatible with multiple duplex and multi-fiber connectors up to 24 fibers. Measures loss, length, and polarity in just 1 second, as per certification standards.
