

How much does a 10 Gigabit dual-fiber optical module cost

Overview

The average 10G SFP price typically falls between \$10 and \$300, depending on the module type, transmission distance, and brand. For most standard enterprise and data center deployments, the practical buying range is much narrower—and far more predictable—than many price lists. High-Speed Connectivity: 4Pack 10GBase-LR 1310nm SFP+ module offers blazing-fast 10 Gigabit Ethernet connectivity, delivering data at 10 Gb/s speed over long distances. Data Rate: 10Gb/s, Fiber Type: Duplex Dual LC SingleMode Fiber (SMF, OS2/OS3); Wavelength: 1310nm; up to 20km transmission over. FS 10GbE SFP+ module solutions provide a wide variety of 10 Gigabit Ethernet connectivity options for data centers, enterprise wiring closets, Internet Service Providers (ISPs) applications. Click to get your 10G SFP+ transceiver modules from nearby warehouses. The module can be used for 10G Ethernet, SONET or SDH networks. The SFP-1000-LRM is a 10G LRM multi-mode. Our Cisco, HP and Brocade ready 10GBASE-SR Multimode SFP+ Modules feature low power consumption (<800mw) using Duplex LC OM3 fiber up to 300m (984').
