

Huijue JXF Distribution Box Specifications

Overview

It is suitable for circuits with AC frequency of 50Hz and rated working voltage below 500V. Under special requirements, the protection level can reach IP55. There are knock-out holes on the top and bottom of the box, and a pre-installed opening plate can be reserved for multi-tube. JXF Series Power Distribution Box product is box assembled with various control functions by customer-selected components, and there are many box sizes and specifications and the size of the box can be customized according to the size of the installation elements. It is used in the AC 50Hz power. The JXF distribution box is suitable for 50Hz, 500V and below three-phase three-wire, three-phase four-wire, and three-phase five-wire systems with load currents not exceeding 250A. Buy bulk and wholesale. Normal operation due to poor manufacture quality. For any damage due to one of the following situations, a paid repair duct, please dispose the product type, a "R" is added after the Specification. The product is closed structure, can be wall mounted or concealed in the wall. The box body is made of cold rolled steel plate or stainless steel plate bending and welding, and the surface is treated with electrostatic plastic spraying, which is beautiful and has protection.

JXF Electric Power Distribution Box Stage Equipment for Efficient

Other attributes Place of Origin Zhejiang, China Application Industrial, electric power transmission Brand Name Supcon Model Number JXF Rated Voltage $\leq 0.4\text{KV}$ Rated Frequency 50Hz Rated Current

JXF Power Distribution Box (Cabinet) User Manual

Installation Diagram Open-mounted distribution box installation method: Assemble four bolts into the four holes on the corners and tighten them into the expansion pipes to fix the box.

JXF Series Low Voltage Distribution Box

JXF Series Low Voltage Distribution Box deliver outstanding performance, flexibility and reliability. IEC, CUL certified. DELIXI China JXF Series Low Voltage

JXF distribution box

The JXF distribution box is suitable for 50Hz, 500V and below three-phase three-wire, three-phase four-wire, and three-phase five-wire systems with load currents not exceeding 250A.

Low Voltage Distribution Box JXF Series

JXF Series distribution box is a kind of distribution equipment with various control functions assembled based on the type, specification and quantity of components.

Toonice Jxf Series Electrical Power Distribution Waterproof Panel

JXF is a kind of electrical control box, specifically, it is a kind of low-voltage distribution box. JXF distribution box is to assemble switchgear, measuring instruments and protective appliances in

JXF Distribution Box – Smarter Voltage Control. Trusted Worldwide

JXF Indoor/Outdoor Control Box The JXF control box is a customizable distribution box designed according to the model, specifications, and quantity of components to fulfill various control functions.

JXF Series Low Voltage Distribution Box

JXF Series Low Voltage Distribution Box JXF Metal Enclosure provide Control, monitoring, measurement and protection for the electric power loops and main

JXF Distribution box

JXF Distribution box JXF Distribution box is suitable for three-phase three wire, three-phase four wire, and three-phase five wire systems with 50Hz, 500V and below, and load current not exceeding 250A

JXF distribution box|FULE ELECTRIC CO., LTD.

Metering control box for users such as residential buildings. This product complies with the requirements of GB7251.12-2013 "Low-voltage complete switchgear and control equipment", IEC60439-2:2011

JXF Control box-Gongshun electric co.,tld.

JXF small distribution box is a widely used device in low-voltage power systems, designed for the distribution and control of electrical energy. Suitable for various buildings, industrial, and commercial

Jxf Outdoor Distribution Box Electric Distribution Board

Jxf Outdoor Distribution Box Electric Distribution Board for Factory Price, Find Details and Price about Control Panel Box Power Distribution Board from Jxf

JXF Distribution Box

JXF Distribution Box is used to control the electricity circuit, which is under 100A, 1 phase 3 wire or 3 phase 5 wire, it can be used in commercial building and house

JXF distribution box_Wuxi Xiangdong Electric Technology Co., Ltd.

JXF distribution box is one of the main products of Wuxi Xiangdong Electric Technology Co., Ltd. With reliable quality, stable performance and reasonable price, it is well received. The manufacturer has

JXF Low-voltage integrated distribution box

There are knock-out holes on the top and bottom of the box, and a pre-installed opening plate can be reserved for multi-tube incoming lines. The maximum rated current can reach 630A.

230V 400V Jxf Series Wall-Mounted Low-Voltage Distribution Box

230V 400V Jxf Series Wall-Mounted Low-Voltage Distribution Box, Find Details and Price about Wall Mounted Enclosure Box LV Distribution Box from 230V 400V Jxf Series Wall-Mounted Low-Voltage

Sales Wholesale Distribution Box Supplier Company

Distribution Box JXF distribution box is suitable for three-phase three wire, three-phase four wire, and three-phase five wire systems with 50Hz500V and below, and load current not exceeding 250A. It is

JXF Series Power Distribution Box

JXF Series Power Distribution Box product is box assembled with various control functions by customer-selected components, and there are many box sizes and specifications and the size of

JXF Distribution Box – YAXU Intelligent

JXF Distribution Box manufacturer, strict selection of materials and processes, support for customized design, to meet the needs of medium and high-voltage transmission and distribution system security

TECHNICAL SPECIFICATION

TECHNICAL SPECIFICATION Metal distribution boxes JXF Description: Supplied with a special lock, metal plate for fixing of electrical devices, lid for the input-output conductors, grounded dowel pin,

JXF Control box

JXF small distribution box is a widely used device in low-voltage power systems, designed for the distribution and control of electrical energy. Suitable for various

JXF series distribution box-Yichuang-Efficient power distribution system

The JXF power distribution box is suitable for AC 50 (60HZ) power supply systems with voltages up to 400V. It is used for branch circuit distribution and can also be used for low-capacity power distribution.

JXF distribution box-Anhui Mingge Electric Co., Ltd.

JXF distribution box is suitable for three-phase three-wire, three-phase four-wire, three-phase five-wire systems with 50Hz, 500V and below, and load current not greater than 250A.

JXF DistributionBox

JXF DistributionBox JXF series products are suitable for power, lighting and loop power distribution control, monitoring and metering protection in 50Hz~60Hz,
