

List of Taiwanese Fiber Optic Connector Suppliers

AI Overview

Taiwan hosts several leading fiber optic connector manufacturers, including FOCl, ACON, XFS, and POFC CORP, offering high-performance, customizable solutions for telecom, datacom, and FTTH applications. Key Manufacturers

FOCl Fiber Optic Communications, Inc. Established in 1995 by a team from Taiwan's Industrial Technology Research Institute (ITRI), FOCl is a pioneer in fiber optic interconnect technologies, including FBT (Fused Biconic Taper) and PLC (Planar Lightwave Circuit) devices. They manufacture a wide range of high-performance components such as fiber optic couplers, PLC splitters, thin film coarse WDM, dense WDM, and multi-fiber cable assembly modules. FOCl also develops solutions for FTTH and high-speed optical cable applications, including Light Peak technology for fiber-to-the-desk implementations.

ACON ACON specializes in high-end fiber optic interconnection products, particularly single-mode APC connectors for telecom and datacom applications. They provide customizable patch cords, ultra-low loss MPO/MTP terminations, and extenders for USB devices over multi-mode and single-mode fiber. ACON is recognized for supporting advanced FTTx projects and data center connectivity, emphasizing low insertion loss and high reliability.

XFS XFS is an OEM manufacturer focused on extremely low insertion loss and high return loss fiber connectivity products. Their products exceed IEC 61753-1 Grade B standards and are Telcordia GR-326 and GR-1435 tested, making them suitable for high-performance telecom and datacom networks.

POFC CORP POFC CORP is listed as a leading fiber optic connector manufacturer in Taiwan, providing a range of connector solutions. While specific product details are limited in the directory, they are recognized for their capabilities in fiber optic interconnect manufacturing.
