

Manufacturer of Large Span Fiberglass Cable Trays

AI Overview

Leading manufacturers of large span fiberglass cable trays include MP Husky, Shandong Hongfeng Power Technology, Oglaend System, and Boston Europe, offering high-strength, corrosion-resistant solutions for industrial and offshore applications.

Key Manufacturers

MP Husky MP Husky has over 30 years of experience producing fiberglass cable trays for harsh environments such as offshore oil and gas. Their trays are lightweight yet strong, non-conductive, non-magnetic, and corrosion-resistant, with polyester and vinylester resin options. They meet ASTM E-84 Class 1 flame rating and ASTM D-635 self-extinguishing requirements, making them suitable for industrial, laboratory, and refinery applications.

Shandong Hongfeng Power Technology Co., Ltd. Based in China, Hongfeng specializes in industrial and infrastructure cable tray systems. With 20 years of experience, 200,000⁺ of facilities, and ten automated production lines, they offer annual capacities up to 100,000 tons. Their products include fiberglass trays, covers, elbows, tees, reducers, and supports, with flexible customization and rapid delivery for large-scale projects.

Oglaend System Oglaend System is a global supplier of composite cable trays, including fiberglass-reinforced options for offshore, marine, and industrial sectors. Their trays are engineered for extreme conditions, providing high corrosion resistance, fire retardancy, and durability for long-term installations.

Boston Europe / Lighthouse Large Span Fiberglass Trays Boston Europe produces large-span fiberglass-reinforced polycarbonate cable ducts, suitable for complex cable assembly and industrial installations. They have over 20 years of experience and offer customized solutions for large-span applications, particularly in Germany and Europe.

Considerations for Large Span Applications

Article Content

FRP Cable Tray Manufacturer | Fiberglass Cable Trays

FRP ladder cable tray is suited to heavier cable loads, longer spans and large-diameter power cable installations. Its open ladder structure improves ventilation, reduces cable heat buildup and simplifies

Fiberglass Cable Tray

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the possibility of lifting accidents, and lowers transportation costs. MP Husky

Fiberglass Reinforced Plastic (FRP) Cable Tray

SFSP-INTECH Fiberglass Reinforced Plastic Cable Management System is designed, manufactured, and tested to be installed in most harsh environmental conditions of onshore and offshore facilities

Fiberglass Reinforced Plastic (FRP) Cable Tray

SFSP FRP Cable management System is manufactured under the brand name "Intech", and is distributed exclusively by Unitech for Building and Construction Materials in the GCC and Mena regions.

Fiberglass (FRP) Cable Tray for Extreme Conditions

Enduro cable tray and cable ladder sets the industry standard for high-quality fiberglass cable tray. Our FRP cable tray is extremely durable.

Cable Tray Manufacturers

For large spans (>3m), a composite bridge (FB) should be used. 6. The composite epoxy resin bridge (F) should be used outdoors. If you have any questions, please contact us to arrange industry

Cable Tray Systems

MP Husky Manufactures the following types of Cable Tray Systems: Aluminum, Mill Galvanized Steel, Hot-Dipped Galvanized Steel, Stainless Steel, Fiberglass,

Cooper B-Line

Cooper B-Line was formed in 1956 and has over 45 years experience manufacturing cable tray systems in which it has grown to become the industry leader. This growth was achieved by offering

Manufacturer of GRP/FRP Pipe & Chemical Equipment by EPP

FRP cable trays are pultruded fiberglass support systems for electrical cabling in wind turbine structures. Designed for extreme conditions, they “are extremely durable and resistant to chemical attack”,

Products

Products / Cable Management System Cable Management System EFG Composites known for the quality performance of its fiberglass products be it Ladders, Cable Trays, Etc. It is a company

Cable Tray Technical Guide A practical guide to product selection and ...

A practical guide to product selection and installation This guide for engineers and installers has been developed by ABB as a practical reference regarding cable tray characteristics, installation, and

Top Fiberglass Cable Trays Manufacturer and Suppliers

Choose Monterra International LLP for high-quality Fiberglass Cable Trays made to handle harsh environments with ease. Our FRP cable tray solutions offer strong

Fiberglass Cable Trays | Fiberglass Grating | Uniflex

Our fiberglass cable tray gives you the load capacity of steel plus the inherent characteristics afforded by our Protrusion Technology: non-conductive, non

Top 5 Cable Tray Manufacturers in North America

Find the leading cable tray manufacturers in North America, with insights into top companies, compliance standards, and essential factors for choosing the right

FRP GRP Cable Tray Manufacturers India

Aeron supplies FRP GRP cable trays in varied sizes along several fittings like bends, tees, cross, reducers, etc. for every large or small project. Leading the industry with extensive collection of covers

B-Line series Cable Tray Design Considerations

For ladder cable trays supporting large power cables, 9-inch or wider rung spacings should be selected. For many installations the power cables will exit out the bottom of the cable tray and into the top of

FRP Cable Tray Load Capacity & Span Chart

For fiberglass cable trays, proper span spacing ensures structural stability, prevents tray deflection, and maintains safe cable support throughout the installation. This guide explains how FRP cable tray

Large span cable tray-Hannai|Manufacturers of fiberglass and FRP

Large span cable tray The large-span cable tray supports a large span and has strong bearing capacity. It can be divided into ladder type, groove type, and perforated type, assembled from extruded

FRP Cable Tray Manufacturer in India

Ladder Type FRP Cable Tray FRP ladder cable tray provides the maximum possible open area — just two side rails and a series of transverse rungs. This gives maximum ventilation for heavily loaded

FRP/GRP Cable Trays systems

Agni Fiber Board is a Leading manufacturer of FRP/GRP Pultruded Cable Trays in India. Agni fiberglass (FRP/GRP) cable tray is the industry standard for high quality fiberglass cable tray. FRP cable

Fiberglass Cable Tray

Fiberglass cable tray provides the answer to many adverse environments. Life cycle costs, long span capability and easy field modification make Cope-Glas™ an ideal choice for industrial, chemical, and

Non-metallic cable tray | Fiberglass | High temperature

Eaton's B-Line series fiberglass cable tray systems provide an economical support system with superior strength at room temperatures and dependable

Fiberglass Cable Tray

We offer a comprehensive range of cable tray systems and structural supports designed to meet diverse installation requirements across industrial, commercial and infrastructure projects.

Fiberglass Cable Tray

Looking for durable and corrosion-resistant Fiberglass Cable Tray? Our lightweight, high-strength trays offer long-lasting performance. Order now!

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

In this blog, we profile the Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry —a mix of global composites specialists, established industrial suppliers, and innovative

Fiberglass Cable Trays: Essential for Industrial

This is where fiberglass cable trays emerge as a superior alternative, offering durability, non-conductivity, and corrosion resistance.

Fiberglass Cable Tray: Durable And Reliable Solution

The Fiberglass Cable Trays, offer significant long-term savings due to their durability and low maintenance requirements. They are resistant to corrosion and

Cable trays

Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project
