

Price Inquiry for Galvanized Cable Trays in South Korea

AI Overview

Standard galvanized steel cable trays in South Korea typically cost between KRW 18,000 and KRW 35,000 per linear meter (approximately USD 13-26), depending on specifications and order volume.

Pricing Overview The cost of galvanized cable trays in South Korea varies based on material thickness, coating type, and tray design. Standard hot-dip galvanized steel trays are priced from KRW 18,000 to KRW 35,000 per meter, while aluminum variants can be 30-50% more expensive due to higher material costs and corrosion resistance requirements (IndexBox report). Specialty coatings, such as powder coating or fire-retardant finishes, may further increase the price.

Types and Features

- Perforated Cable Trays:** Lightweight yet strong, with anti-corrosive properties, suitable for industrial and commercial installations (Brilltech).
- Ladder Cable Trays:** Provide robust support for heavy cables and allow ventilation to prevent overheating (Brilltech).
- Raceways:** Modular systems for routing cables under floors or in communication rooms, offering tamper-proof and organized cable management (Brilltech).

Market Considerations

- Lead Times:** Standard galvanized trays can be delivered in 2-3 weeks, but peak construction seasons may extend lead times to 6-8 weeks due to galvanizing bottlenecks.
- Material Costs:** Steel prices significantly influence tray costs, as raw materials account for 45-55% of production costs.
- Supplier Options:** Leading suppliers include Brilltech Engineers and Jeetmull Jaichandlall, offering high-quality galvanized trays with corrosion resistance and customizable sizes.

Summary For budgeting purposes, expect KRW 18,000-35,000 per meter for standard galvanized steel cable trays in South Korea, with higher prices for aluminum, specialized coatings, or custom designs. Suppliers provide a range of options including perforated, ladder, and modular raceway systems, suitable for ind...
