

Price of 50 Cable Tray Accessories

AI Overview

The price of 50 cable tray accessories varies widely depending on type, material, and supplier, typically ranging from \$100 to \$500 or more for standard fittings. Factors Affecting Price Cable tray accessories include splicers, brackets, clamps, tees, elbows, and end caps, made from materials such as galvanized steel, stainless steel, aluminum, or fiberglass-reinforced plastic. Prices depend on:

- Type of accessory: Simple nuts, bolts, or hold-downs are cheaper, while splicers, grounding kits, or specialized brackets cost more.
- Material: Stainless steel and FRP are more expensive than galvanized steel or aluminum.
- Duty rating: Heavy-duty accessories for industrial use are pricier than light or medium-duty options.
- Supplier and brand: Premium brands like Legrand, Schneider Electric, or Phoenix Contact may charge higher prices.

Typical Pricing Estimates

- Basic nuts, bolts, and clips: \$1–\$5 per piece, totaling \$50–\$250 for 50 pieces.
- Splicers or hold-down kits: \$5–\$10 per piece, totaling \$250–\$500 for 50 pieces.
- Specialized fittings (tees, elbows, end caps): \$10–\$15 per piece, totaling \$500–\$750 for 50 pieces.

Recommendations

- Check supplier catalogs: RS Online, ChannelandTray, and Platt Electric Supply offer detailed listings of cable tray accessories with specifications.
- Request bulk quotes: For 50 or more pieces, contacting suppliers directly may yield discounts.
- Consider material and duty requirements: Choose accessories that match your tray type (solid-bottom, ventilated, or ladder) and load requirements to avoid overpaying.

By considering these factors, you can estimate a reasonable budget for purchasing 50 cable tray accessories and select the most cost-effective options for your project.
