

Price of Grinded Fiber Optic Couplers

AI Overview

Fiber optic couplers currently range from approximately ₹20 to ₹50 per piece in India, with higher-end or specialized couplers costing more depending on type and specifications.

Overview of Pricing

IndiaMART Suppliers: Entry-level fiber optic couplers start at ₹20 per piece from J S R Global Enterprises, ₹33 per piece from Aares Telecom Private Limited, and ₹50 per piece from All Solution, with prices varying based on type, quantity, and delivery options (updated May 18, 2026). Bulk orders may offer further discounts.

Amazon Listings: Small packs of single-mode LC fiber couplers, such as a 20-pack from Fibershack, are available for network connectivity purposes, with prices depending on pack size and connector type.

Factors Affecting Price

Fabrication Method:

- Fusion Couplers:** Low insertion loss (~ 0.3 dB), high power handling, limited bandwidth, generally mid-range cost.
- Micro-Optic Couplers:** Ultra-broad bandwidth, high polarization extinction ratio, excellent thermal stability, higher cost.
- Planar Lightwave Circuit (PLC) Couplers:** Compact, low-cost for high fiber counts, but higher coupling loss and lower power handling.

Fiber Type: Single-mode (SM), multimode (MM), polarization-maintaining (PM), and double-clad fibers influence pricing, with PM and double-clad typically more expensive due to precision requirements.

Splitting Ratio and Customization: Standard fixed ratios are cheaper, while custom splitting ratios or specialized wavelength handling increase cost.

Quantity and Supplier: Bulk purchases reduce per-unit cost, and supplier location or shipping can affect final pricing.

Practical Advice

For budget-conscious purchases, suppliers like J S R Global Enterprises or Aares Telecom Private Limited offer the lowest starting prices in India. For high-performance or specialized applications, consider micro-optic or PLC couplers from manufacturers like Agiltron or Thorlabs, which may cost significantly more but provide superior bandwidth, thermal stability, and integration options. Always confirm specifications such as insertion loss, wavele...

Fiber Optic Couplers | Fiber Optical ST Couplers for Sale | RS

We offer transparent pricing, bulk purchasing options for large-scale infrastructure projects, and a straightforward returns policy to give your procurement team total peace of mind.

Fiber Couplers/Splitters/Combiners

PLC couplers, fabricated through photolithography and etching, are ideal for high fiber counts, offering compact size, broad bandwidth (± 200 nm), and low cost, though with higher coupling loss and lower

Wholesale Fiber Optic Connectors & Couplers | CableWholesale

Selecting the right fiber optic connectors and couplers is an important part of creating reliable network infrastructure. CableWholesale has a big selection of connectors that will help maximize bandwidth

Price Of Grinded Fiber Optic Couplers Buyers & Importers ...

Sell Price Of Grinded Fiber Optic Couplers in bulk to verified buyers and importers. Connect with businesses actively looking to buy wholesale Price Of Grinded Fiber Optic Couplers at best prices.

Amazon : Fiber Optic Coupler

Discover fiber optic couplers for network connectivity. Find SC, LC, and ST adapters with low insertion loss for reliable connections.

Fiber Optic Couplers

Fiber Optic Coupler is a passive optical device that allows light signals to be split or combined within a fiber optic communication system. Fiber Optic Couplers from the leading manufacturers are listed

Fused Fiber Optic Couplers Types Prices & Technical Specifications

Fused Fiber Optic Couplers Overview Fused fiber optic couplers are passive optical components used to split or combine light signals within fiber networks. They are manufactured using the fused biconical

1x2 and 2x2 Singlemode Fiber Optic Couplers

Newport's wide range of Fiber Optic Couplers have been developed using fused fiber technology. The optical fiber couplers allow bi-directional coupling and can be used to either split or combine signals.

F-925 Optical Fiber Coupler

Two couplers can be used together for efficient fiber-to-fiber coupling. This makes it easy to insert a breadboard or prototype optical system into existing fiber optic equipment.

Fiber Optic Couplers and Connectors

Shop premium fiber optic connectors and couplers at Discount Low Voltage to build secure, high-performance network connections at competitive prices. Choose from SC optical connectors, LC

Amazon : Fiber Coupler

10 pcs Duplex LC to LC Fiber Coupler, Multimode Fiber Optic LC Keystone Jack Coupler for Fiber Wall Plate, Surface Mount Boxes (Fiber Optic Adapter, OM3/OM4) Exclusive Prime price See options

PM Fiber Couplers/Splitters - PER Up To 29dB

We offer a comprehensive range of polarization-maintaining (PM) fiber optic couplers and splitters, designed using three fabrication methods: fusion, micro-optics, and waveguide (PLC).
