

Price of complete sets of construction site power distribution boxes

AI Overview

Complete sets of construction site power distribution boxes typically range from \$62 to \$811, depending on amperage, outlets, and features. Typical Pricing Construction site power distribution boxes, also known as temporary power boxes or spider boxes, vary in price based on capacity, number of outlets, and safety features. According to Lowe's, a standard temporary power distribution box costs around \$248 on average, with prices ranging from \$62 for smaller, basic units to \$811 for larger, fully-featured units.

Factors Affecting Price

- Amperage and Voltage:** Higher amperage boxes (e.g., 50A or 100A) cost more than smaller 20A or 30A units.
- Number and Type of Outlets:** Boxes with multiple GFCI-protected outlets or specialized twist-lock receptacles are more expensive.
- Enclosure Quality:** Heavy-gauge steel or NEMA-rated weatherproof enclosures increase durability and cost.
- Brand:** Popular brands like Eaton, Siemens, and Connecticut Electric may carry a premium price.
- Additional Features:** Metered units, circuit breakers, and lockable enclosures add to the price.

Where to Buy

- Lowe's:** Offers a wide range of temporary power distribution boxes with prices from \$62 to \$811, ready for construction sites.
- Uline:** Stocks rugged steel boxes suitable for construction, warehouses, and trade shows, with fast shipping across North America.
- Amazon:** Provides various models, including premium construction power boxes and DC distribution units for specialized applications.
- Toolup:** Offers durable spider boxes for jobsite power distribution.
- Home Depot:** Carries temporary power solutions for construction sites, often with in-store pickup or delivery options.

Recommendation

When selecting a complete set, consider the required amperage, number of outlets, GFCI protection, and weatherproofing. For most construction sites, a 30A to 50A box with multiple GFCI outlets provides a balance of safety and cost ef...
