

Price of fire cable trays in the Netherlands

AI Overview

Fire-resistant cable trays in the Netherlands are available from local manufacturers like Stago and Trayco, with price premiums typically 25%–60% above standard cable trays due to certification and fire-resistant materials. Pricing Overview Fire-resistant cable trays command a premium over standard trays, reflecting the cost of certified materials and testing. Price premiums for certified fire-resistant materials range from 25% to 60% above standard cable compounds, with additional certification and testing costs adding approximately €0.15–€0.40 per kilogram to the final material price. The overall market for fire-resistant cable materials in the Netherlands is valued between €85–€110 million in 2026, driven by regulatory compliance and high demand in data centers, industrial facilities, and transportation infrastructure.

Supplier Options Several suppliers in the Netherlands provide fire-resistant cable trays:

- Stago (Wibe Group):** Locally manufactured in the Netherlands, Stago trays are certified according to DIN 4102-12 for fire resistance classes E30, E60, and E90. They offer a wide range of tray types including perforated, reinforced, and closed designs, with custom RAL colors available. Stago supports BIM models, Environmental Product Declarations (EPD), and technical documentation for project integration.
- Trayco:** Specializes in cable trays, mesh trays, and ladders, offering tailored solutions and project advice. They provide customized quotes based on project requirements and material specifications.
- RS Online:** Offers a range of cable management trays and baskets suitable for general applications, though specific fire-resistant certifications should be confirmed per product.
- Volza Directory:** Lists over 500 active ladder and cable tray suppliers in the Netherlands, including contact details and export data, which can be used to request competitive quotes and verify supplier reliability.
