

Price of rubber pads for cable trays

AI Overview

Rubber pads for cable trays typically range from \$0.50 to \$5 per piece, depending on size, material, and quantity purchased. Overview of Pricing

NavePoint Wire Mesh Cable Tray Rubber Caps are sold in packs of 50, suitable for securing wire mesh cable trays, with prices generally around \$30–\$50 per pack, translating to approximately \$0.60–\$1 per cap .McMaster-Carr offers a wide selection of rubber pads in various sizes and styles, with individual pads ranging from \$0.50 to \$5 each, depending on thickness, hardness, and material type .Alibaba provides bulk purchasing options for rubber cable tray pads, where prices can be lower per unit when buying in large quantities, often \$0.30–\$2 per pad, depending on material (natural rubber, nitrile, silicone) and order volume .Material ConsiderationsNatural rubber is flexible and heat-absorbent, suitable for general cable tray applications.Nitrile rubber is more resistant to oils and chemicals, ideal for industrial or chemical plant environments.Silicone rubber is used for high-temperature applications and is durable for steel cable trays .Buying TipsBulk orders reduce per-unit cost significantly, especially from suppliers like Alibaba.Compatibility: Ensure the pad size matches your cable tray type (wire mesh, perforated, or solid).Delivery: Some suppliers, like NavePoint and McMaster-Carr, offer same-day or next-day shipping for standard sizes . In summary, the cost of rubber pads for cable trays varies widely based on material, size, and quantity, with typical prices ranging from \$0.50 to \$5 per pad, and bulk purchases offering the most cost-effective solution.
