

Qatar Stainless Steel Cable Tray Models

AI Overview

Qatar offers a wide range of stainless steel cable trays including solid, perforated, wire mesh, ladder, and trunking systems from leading suppliers like ICMS, Altura Industries, and Qatar Technical. Major Cable Tray Types

1. Solid Cable Trays Provide full support for cables and are ideal for heavy-duty applications. Available in multiple widths and heights, typically ranging from 50/50 mm to 300/300 mm. Suitable for installations where airflow is not critical.
2. Perforated Cable Trays Feature holes for ventilation to prevent overheating of cables. Commonly used in industrial and commercial buildings where air circulation is required.
3. Wire Mesh / Basket Cable Trays Constructed from high-resistance steel for flexibility and easy cable routing. Ideal for complex cable layouts and retrofit projects. Allows smooth cable pulling and reduces installation time.
4. Cable Ladders Designed for supporting high-volume or heavy cabling over long spans. Provide robust support and are preferred in industrial and large-scale construction projects.
5. Cable Trunking Wall-mounted systems for guiding and protecting electrical, telecommunication, and computer cables. Quick and economical solution for low to medium cable volumes.

Notable Suppliers and Their Offerings

- ICMS (Industrial Cable Management System Co) Offers a full range of cable trays, ladders, trunking, and support systems manufactured to international standards. Stainless steel trays are available with various fittings and accessories for flexible installation.
- Altura Industries Provides stainless steel wire basket trays, ladder trays, and trunking systems. Products comply with BS EN 61537:2007 and are suitable for harsh environments like petrochemical and marine industries.
- Qatar Technical Supplies solid and perforated stainless steel trays, cable ladders, and trunking. Offers 12 standard width/height combinations for trunking (50/50 mm to 300/300 mm) and a range of accessories including cantilever arms, clamps, and U-channels.
- Pioneer Metal / Kirac Group Manufactures a complete rang...
