

Spanish fiber optic patch cord manufacturer

AI Overview

Spain hosts several reputable manufacturers of fiber optic patch cords, including CablesCom, Fibercom, Lightmax SL, Max. Optral, and Prysmian Group, offering both standard and customized solutions. Key Manufacturers

CablesCom CablesCom is a leading European company specializing in the design and manufacturing of fiber optic cables and patch cords. They provide high-performance products suitable for telecommunications infrastructure, offering both standard and customized solutions while adhering to international quality standards.

Fibercom With over 30 years of experience, Fibercom focuses on fiber optic telecommunications infrastructure. They supply patch cords, connectors, and other fiber optic components, and provide tailored solutions for professional projects. Fibercom operates from Barcelona and Zaragoza, serving both local and international clients.

Lightmax SL Founded in 2007, Lightmax SL specializes in passive optical fiber network products, including patch cords. Their offerings meet industry standards and are suitable for a variety of network installations.

Max. Optral Max. Optral emphasizes quality and innovation in fiber optic manufacturing. They provide both standard and customized patch cords and connectors, ensuring compliance with international certifications and supporting global telecommunications projects.

Prysmian Group Prysmian Group is a global leader in high-technology cables, including fiber optic patch cords. With extensive experience and a presence in over 50 countries, they offer a wide range of optical fiber products for telecommunications and energy solutions.

Additional Considerations Many of these companies provide customized solutions, allowing clients to specify length, connector type, and fiber type (singlemode or multimode). Spanish manufacturers often comply with European Union regulations,...
