

## Thailand optical distribution box manufacturer

### AI Overview

Thailand has several manufacturers and suppliers of optical distribution boxes, offering a range of indoor and outdoor fiber optic solutions suitable for FTTH and telecom networks. Key Manufacturers and Suppliers

TradeKey Thailand Suppliers

Thailand-based manufacturers offer fiber optical distribution boxes in 1U and 2U sizes, supporting 24 to 48 ports. These boxes are made from metal or ABS plastic, suitable for desktop, cabinet, wall, or pole mounting, and include splice trays, adapters (FC, SC), and accessories for easy installation and maintenance. Customization options are available for bulk orders, making them suitable for telecom and FTTH applications (TradeKey).

Sunsea Group Sunsea manufactures optical distribution boxes compliant with YD/T988 communication industry standards. Their products support optical cable lead-in, splicing, pigtail storage, jumper management, and cross-connection, and are widely used in fiber-to-the-home (FTTH) networks. They offer flame-retardant, pole- or wall-mounted solutions with clear optical route identification and high connector durability (Sunsea Group).

Furukawa Electric (Thailand) Furukawa Electric markets optical closures and termination boxes under the Lightera™ brand. These include underground, aerial, and FTTH-compliant models with water resistance, airtight performance, and compatibility with splitters and fusion splicing. They are designed for various environments and connector types, providing flexible deployment options for telecom networks (Furukawa Electric).

Importers and Distributors For businesses looking to source optical distribution boxes in Thailand, platforms like ExportHub list verified importers and suppliers, providing quotations and facilitating connections with manufacturers for bulk orders (ExportHub).

Product Features to Consider Port capacity: 12-48 ports depending on...
