

UK cable tray support bracket price

AI Overview

Cable tray support brackets in the UK typically range from £10 to £60 per unit, depending on type, size, and material. Price Overview Standard wall-mounted or stand-off brackets for light to medium-duty cable trays generally cost £10–£25 each at suppliers like Shop4 Electrical and CMW . Heavy-duty or trapeze brackets designed for larger trays or ladder systems (e.g., 450mm double-tier trapeze supports) can cost £40–£60 per unit . Prices may vary based on material (galvanised steel, stainless steel), load capacity, and pre-assembled features. Types of Brackets Single-tier wall brackets: Support a single cable tray horizontally; suitable for light to medium loads. Double-tier trapeze brackets: Support two trays or ladder systems simultaneously; ideal for larger installations and heavier loads . Stand-off brackets: Extend the tray away from walls or structures to allow airflow and cable access . Purchasing Tips Bulk orders: Many suppliers offer trade pricing or discounts for large quantities; contacting the supplier directly is recommended for quotes . Delivery: Free next-day delivery is often available for orders over £100, with most UK suppliers dispatching within 1–2 working days . Compatibility: Ensure the bracket matches your tray type (solid-bottom, ventilated, or ladder) and width. Sizes typically range from 50mm to 450mm . For accurate pricing, it is best to check supplier websites like RS, Shop4 Electrical, Direct Channel, or CMW, or request a quote for bulk or custom orders .
