

Which fireproof cable tray manufacturer should you choose

AI Overview

Top fireproof cable tray manufacturers include Meka Pro, Apex Tray, HFJD Cable Tray, Basor Electric, and specialized suppliers highlighted for 2025. Leading Manufacturers

1. Meka Pro Meka Pro offers over 1,200 fire-tested cable management products, ensuring electricity supply continuity during fires. Their systems comply with EN 1363-1 standards and are designed to prevent collapse, toxic fumes, and obstruction of rescue routes. Meka Pro emphasizes rigorous testing in independent laboratories and provides detailed installation instructions to ensure compliance with international standards .
2. Apex Tray Apex Tray supplies fire-rated cable trays designed to maintain circuit integrity for 30, 60, 90, or 120 minutes. Their products use fire-resistant steel, coatings, and barriers to prevent fire spread along cable paths. Apex Tray focuses on life safety systems, high-risk areas, and vertical shafts, providing technical support and installation guidance to ensure proper fire protection .
3. HFJD Cable Tray HFJD manufactures high-performance fire-resistant cable trays for critical power distribution, emergency lighting, and industrial applications. Their trays are made from premium steel with fire-resistant powder coatings, offering corrosion resistance, ventilation, and dust protection. HFJD trays are widely used in airports, hospitals, metro projects, and industrial facilities, with options for custom dimensions and finishes .
4. Basor Electric Basor Electric specializes in cable trays tested for fire resistance to maintain functionality of emergency systems, smoke extractors, and fire alarms. They follow European and international standards, including Px-R and R-PHX classifications, ensuring circuit integrity under extreme fire conditions. Basor Electric provides comprehensive documentation, tools, and guidance for safe installation .
5. Other Recommended Suppliers (2025) According t...
